Getting Started:

- Gather any additional materials needed.
- Trim all zip strips and set aside. The zip strip is the ½" accent paper along the top of each sheet.
- Check the cut orientation below each cutting guide image. This will show you how to cut the paper, keeping the patterns on your project pieces facing the right direction.
- Light grey pieces on your cutting guide are project pieces. White pieces are leftover paper.
- As you cut the paper, sort the pieces as indicated in the cutting guide, creating a stack for each project.

Key:

✂ = first cut | * = use back of paper | P = page
= suggested stamp arrangement | = suggested Cricut® cut arrangement
(See project instructions for ink color and other details)

Cutting Diagrams:

Important instructions for Cricut® cuts: Where there are Cricut® shapes in the cutting diagram, start by cutting all straight pattern piece first. Use the remaining paper to cut pattern pieces requiring a Cricut® shape.
