

*This workshop guide includes patterns, photos, tips, and cutting diagrams to walk you through creating all four Charlotte Workshops Your Way™ layouts. At the end of this guide, you will find instructions for creating the additional cardmaking project. As you cut the paper, sort the pieces as indicated in the diagrams, creating a stack for each of the layouts and the cards. Make certain to save all zip strips from the B&T Duos™, as they will be used in the layouts and additional project.*
