Getting Started:

- Gather any additional materials needed.
- Trim all Zip Strips and set aside. The Zip Strip is the ½" x 12" piece of accent paper along the top of each sheet of patterned paper.
- Be sure to double-check the orientation guide next to the cutting guide image to ensure your paper is in the correct direction before beginning any cuts.
- White pieces on cutting diagrams are layout pieces. Light grey is leftover paper.
- The pieces are labeled "1A", "2B", etc. The number indicates what layout they belong to and the letter indicates the piece in the layout.
- Scrap pieces from the patterned paper will be used for the circles in Layouts 7 and 11 as well as for various banner pieces on the layouts.
