## Getting Started:

- Gather any additional materials needed.
- Trim all zip strips and set aside. The zip strip is the ½" accent paper along the top of each sheet of patterned paper.
- Light grey pieces on your cutting guide are project pieces. White pieces are leftover paper.
- As you cut your paper, lightly label the back of each piece with its piece number, and sort the pieces as indicated in the cutting guide, creating a stack for each project.

## Key:
