STENCIL FIRST: For each card do all stenciling first onto card panels before adhering onto card base to avoid smudging ink onto card bases.

Tips:

- When using darker shades of ink like Journey and a blending brush - ink up brush and tap off onto scratch paper before blending through stencil.
- Clean stencil between different colour applications of ink and also when flipping or rotating the stencil to avoid smudging & transfer of previous ink colour.

Techniques:

- Water colour with ink pads & water brush.
- Create splatters with ink pads & water brush.

Bonus Card after die-cutting stencilled panel for Card 3

Here's an idea for a bonus card.
After die-cutting the circles from the stencilled card panel, make the remainder into it's very own card.

- Adhere die cut panel to card base.
- Stamp cup cakes and colour with the same method for Card 3.
- Tuck the cup cakes partially under the cut out circles as shown.
- Stamp small stars with Shortbread and Glacier around cup cakes.
- Splatter with Glacier ink & water brush.
- Adhere title with foam tape.

*** Note: Card bases and additional supplies have not been provided in kit for this card design.
