Getting Started:

- Gather all materials needed.
- Trim all zip strips and set aside. The zip strip is the ½" accent paper along the top of each sheet of patterned paper.
- Check the cut orientation below each cutting guide image. This will show you how to cut the paper, keeping the patterns on your project pieces facing the right direction.
- Light grey pieces on your cutting guide are project pieces. White pieces are leftover paper.
- As you cut the paper, label and sort the pieces as indicated in the cutting guide, creating a stack for each project.

Key:

✂ = first cut | * = use back of paper paper | P = project

Project 3: Left Page

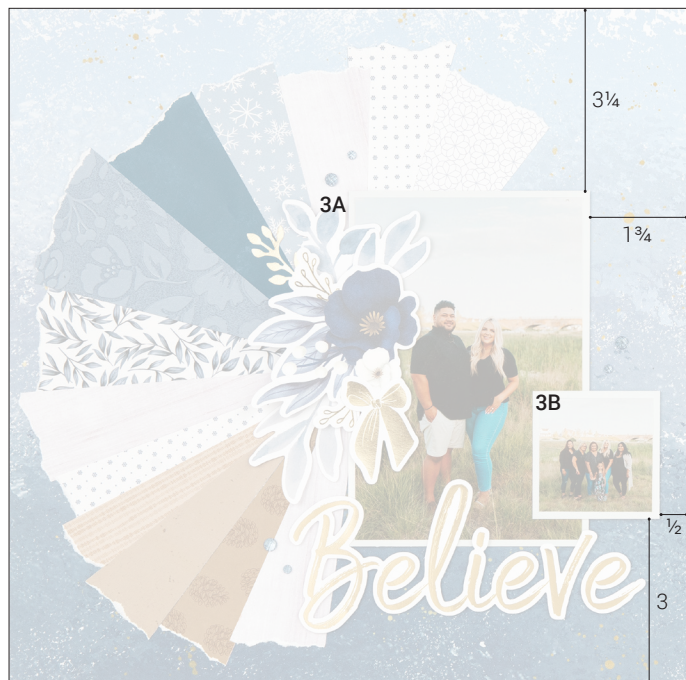

Prepare (for left and right page):

Paper: exclusive paper 2
 Embossing Folder: Spring Blossoms
 Ink: Blue Belle
 Technique: Rub stamp pad on inside top of embossing folder. Place paper triangle piece on inside bottom and close the folder. Run the prepared folder through an embossing machine.

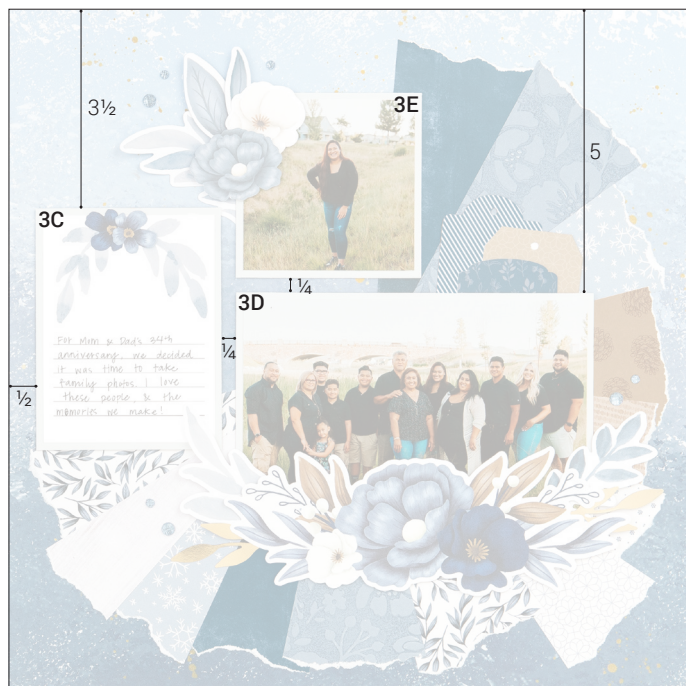

Paper: exclusive papers 1 and 2
 Tip: Tear the ends of each triangle piece, including those prepared above, at an angle. This will expose the paper's white core and help create a pie shape that is more round and symmetrical.

Assemble:

1. Prepare pieces shown above
2. Use Blue Belle gold-flecked paper for base page
3. Lay out a pie shape on base page using no more than half of the prepared triangle pieces, then attach, as shown
Tips: There are more triangle pieces than what is shown in the example. Use as many or as few as you would like. As you create your pie, some of the pieces will overlap, and some will not meet perfectly in the center.
4. Attach 3A with thin 3-D foam tape
5. Attach 4" x 6" photo
6. Attach 3B with thin 3-D foam tape
7. Attach 2" x 2" photo
8. Attach title sticker with thin 3-D foam tape
9. Embellish with die-cuts and stickers, as shown
Tip: Attach a few of these pieces with thin 3-D foam tape for added dimension.
10. Embellish with gems

3. Attach 3C, 3D, and 3E with thin 3-D foam tape
Tip: Do not use adhesive along the top right of 3D so other pieces can be tucked behind it in a later step.
4. Attach photos
5. Attach journaling die-cut
6. Embellish with remaining die-cuts and stickers, as shown
Tip: Attach a few of these pieces with thin 3-D foam tape for added dimension.
