Getting Started:

- Gather all materials needed.
- Trim all zip strips and set aside. The zip strip is the ½" accent paper along the top of each sheet of patterned paper.
- Check the cut orientation below each cutting guide image. This will show you how to cut the paper, keeping the patterns on your project pieces facing the right direction.
- Light grey pieces on your cutting guide are project pieces. White pieces are leftover paper.
- As you cut the paper, label and sort the pieces as indicated in the cutting guide, creating a stack for each project.

Key:

✂ = first cut | * = use back of paper paper | P = Project

Project 1: Left Page

Assemble:

1. Use floral patterned paper for base page
2. Attach large French Vanilla scalloped die-cut
3. Attach 1A, 1B, 1C, and 1D
Tips: Do not use adhesive along the top of 1B so another piece can be tucked behind it in a later step.
4. (Optional) Sponge left side of scalloped die-cut with Flamingo ink, as shown
Technique: Rub part of the rounded edge of the sponge on the stamp pad to load it with ink. Lightly pounce the sponge on a scratch piece of paper to remove some of the ink. Then, gently rub the sponge in a circular motion over the desired area of the project until the desired colour is achieved.
5. Attach photos
6. Embellish with stickers and additional die-cuts, as shown
Tip: Attach a few of these pieces with foam tape for added dimension.
7. Embellish with acrylic shapes
Tip: Attach with glue dots.

Project 2: Left Page

Prepare for Both Pages:

- Assemble the sliced lemon die-cuts, as shown (does not include the half lemon that looks differently)
Tips: There are four sliced lemon bases with corresponding parts: one five-lemon, one four-lemon, one three-lemon, and one single-lemon base. Begin each set by attaching the White Daisy overlays, if there are any. Next, mount the wedges onto their corresponding lemons with thin 3-D foam tape. These will match in size and pattern. Note that there are not enough wedges to cover any of the lemon slices entirely. Spread your wedges out, within the fruit, to achieve a balanced dimensional look. You will not want any wedges attached with thin 3-D foam to fall under a photo.

Assemble:

- Use Sapphire medallion paper for base page
- Attach 2A
- Attach dotted Lemonade die-cut strip, as shown
- Attach prepared five-lemon die-cut, as shown
Tip: Do not use adhesive along the top left edge of this die-cut so other pieces can be tucked behind it in a later step.
- Attach prepared three-lemon die-cut, as shown
- Attach 2B
- Attach photo to 2B
- Attach 2C with 3-D foam tape
- Attach photo to 2C
- Attach leaf die-cuts, as shown
Tip: Slightly tuck two leaves behind the five-lemon die-cut, as shown.
- Attach prepared single-lemon die-cut with 3-D foam tape
Tip: Do not use adhesive along the left side of this die-cut so other pieces can be tucked behind it in a later step.
- Layer and attach "Sunshine" die-cuts, as shown
- Attach "you are my" die-cut with 3-D foam tape, as shown
- Embellish with acrylic shapes
Tip: Attach with glue dots.

Tip: Do not use adhesive along the bottom right corner of 2F so another piece can be tucked behind it in a later step.
