Exclusive Stamp + Thin Cuts:

Getting Started:

- Gather all materials needed.
- Trim all zip strips and set aside. The zip strip is the ½" accent paper along the top of each sheet of patterned paper.
- Check the cut orientation below each cutting guide image. This will show you how to cut the paper, keeping the patterns on your project pieces facing the right direction.
- Light grey pieces on your cutting guide are project pieces. White pieces, not including labeled project pieces that must be die cut, are leftover paper.
- As you cut the paper, label and sort the pieces as indicated in the cutting guide, creating a stack for each project.
- If there is a fold line present in a cutting diagram, cut the paper first before folding it. In order to die-cut two shapes at once, place the die on top of the folded paper or stack two paper pieces before running the paper through your die-cutting machine. Paper pieces that can be stacked for die-cutting will be labeled, "stack."

Project 4: Make 4

Prepare (4 each):

Card Base:

Inks: Honey Butter, Paprika

Tips: Sponge the card front with the inks, using the 10 P4 White Daisy cardstock leaf accents and a Toffee cardstock circle saved from the center of a P4 wreath accent as stencils to create the effect shown. Sponge the leaves in the process because these will be used on the card. Cut wedges out of the round sponge and use them to apply the inks.

Technique: Lightly attach the cardstock leaves and circle to the card base with an easy to remove adhesive. Gently rub the sponge on the ink pad and then lightly rub it on the card base until the desired amount of colour is achieved. Repeat with each ink colour. After sponging, remove the accents and use the Rub & Remove™ Eraser to rub off any remaining adhesive from the card base. Then, sponge a small amount of colour in the areas that were covered by the stencils with both inks. Lastly, draw the stems on the leaves with the white gel pen (.10).

P4 Accents:

Paper: White Daisy

Inks: Honey Butter, Mocha, Paprika, Toffee

Tips: Sponge additional ink on leaves, as desired. Stamp the sponged leaves that were used to create the card base with Mocha ink. Draw accent lines and dots with white gel pen (.10).
