Preparation / Notes:

- When following the cutting guide for pattern papers \*\*\* denotes using the reverse side of the paper as indicated with paper labels.
- Photo mats are cut at exact photo sizes - actual photos will need to be trimmed to fit. \*\*\* Exception - this applies to all photos except for 2" x 2" photos.
- When using White Daisy ink please allow drying time as it is a pigment ink and can take quite some time to air dry. A heat tool can speed up this process.
- Always clean and dry stencils with either water or a wet wipe between different ink colour uses.
- Colour silver glitter gems with Tri-Blend Markers. Pale Pink Shades - Mid colour and Blue Turquoise - Mid colour. Equal colouring of both colours for both size gems - there will be some left over to use as desired.
