Tips

1. I colored my silver staples with the Turquoise Blue Shin Han Twin Touch marker before stapling them to the tabs on the flip flaps
2. I used the anti static pouch on all my stickers and the adhered them to the pages using 3-d foam tape/dots
3. You do not have to include the white “place photo here” mats if you want to keep costs down.
4. Decorating the cover of the album is also an option.
5. Page 12 Instructions:

Page 12 is a divided 4x6 page protector. The left side uses a 4x6 Peach Cardstock piece for the bases.

The “map” design paper is cut diagonally and adhered to the Peach Cardstock. Use a 4x6 Piece of Suitcase print paper for the base of the right-side pocket. Add a medium stitched rectangle thin cut from a scrap of Espresso Cardstock to the center of this base page piece. Adhere the bicycle sticker in the corner with a 3-D foam dot/tape. Slip into the protector.

Next add a 3x4 flip flap on top of protector (refer to photo for placement). I slipped another medium rectangle stitched thin cut--cut from Espresso Cardstock into the front of the flip flap.

Add a 2 ¼ by 2 ¼ sage cardstock piece to the center of a 3x4 Espresso Cardstock piece. Add the trimmed sticker with the houses and trees to the bottom of this 3x4 Espresso piece. Slip into the back of the flip flap.

Adhere a 2x2 flip flap on top of this flip flap– see photo for guidance. Slip a small stitched square thin cut piece (cut from Sage cardstock scraps) into the front of the flip flap, add a 2x2 “place photo here” mat to the front & back of the flip flap. Staple the dovetail “tab” to the flip flap.
