Cutting and preparing tips:

- Trim all zip strips - the zip strip is the ½” accent paper along the top of each sheet of patterned paper. These will be used on various cards as borders and titles.
- Each card is numbered 1 – 12. As you cut the patterned paper and cardstock, sort the pieces as indicated on the cutting guide, creating a stack for each project.
- Use remaining White Daisy Cardstock to stamp images and titles for each card and hand cut.
