Getting Started:

- Gather all materials needed.
- Trim all zip strips and set aside. The zip strip is the ½" accent paper along the top of each sheet of patterned paper.
- Check the cut orientation below each cutting guide image. This will show you how to cut the paper, keeping the patterns on your project pieces facing the right direction.
- Light grey pieces on your cutting guide are project pieces. White pieces are leftover paper.
- As you cut the paper, label and sort the pieces as indicated in the cutting guide, creating a stack for each project.

Key:

Project 1: Left Page

(Optional) Prepare for Right Page:

- Sponge Papaya ink on right base page (exclusive Mink floral paper), as shown
Tips: Lay the title out, without attaching, for placement. With a pencil, lightly mark where the word "LOVE" will get attached, remove the title, and sponge along this marked area. Cut a wedge out of the round sponge and use it to apply the ink. Erase any visible pencil marks once the ink is dry.
Technique: Gently rub the sponge on the ink pad and then lightly pounce it on the paper until the desired amount of color is achieved.

Assemble:

- Use exclusive Mink floral paper for base page
- Attach large heart overlay die-cut
- Attach 1A and 1B
Tip: Do not use adhesive along the top of 1A so other pieces can be tucked behind in a later step.
- Attach photos
- Add journaling
- Embellish with stickers and additional die-cuts
Tip: Attach a few of these pieces with 3-D foam tape for added dimension.
