Exclusive Stamp + Thin Cuts:

Getting Started:

- Gather all materials needed.
- Trim all zip strips and set aside. The zip strip is the 1/2" accent paper along the top of each sheet of patterned paper.
- Check the cut orientation below each cutting guide image. This will show you how to cut the paper, keeping the patterns on your project pieces facing the right direction.
- Light grey pieces on your cutting guide are project pieces. White pieces, not including labeled project pieces that must be die cut, are leftover paper.
- As you cut the paper, label and sort the pieces as indicated in the cutting guide, creating a stack for each project.
- In order to die-cut two shapes at once, place the die on top of two stacked paper pieces before running the paper through your die-cutting machine. Paper pieces that can be stacked for die-cutting will be labeled, "stack."

Prepare (4):

2H:

Paper: White Daisy

Inks: Bluebird, Sundance, Intense Black

Tips: Stamp the arrows and "DAY!" using the selective inking and masking techniques. Once the ink is dry, color the sentiment with the lightest Coral Shades blend marker. Ink the edges of the cardstock with Bluebird ink by sliding them on the ink pad, until the desired amount of color is achieved.

Technique: Cover the arrows on the stamp with sticky notes, then ink the stamp with Intense Black. Remove the sticky notes, then stamp on 2H. Clean the stamp. Carefully apply Bluebird ink to the arrows on both ends of the stamp, not inking the "DAY!" portion, and stamp on 2H.
