**Getting Started:**

- Gather any additional materials needed.
- Trim all zip strips and set aside. The zip strip is the ½" accent paper along the top of each sheet.
- Check the cut orientation below each cutting guide image. This will show you how to cut the paper, keeping the patterns on your project pieces facing the right direction.
- Light grey pieces on your cutting guide are project pieces. White pieces are leftover paper.
- As you cut the paper, sort the pieces as indicated in the cutting guide, creating a stack for each project.

**Key:**

**Project 1**  
**Prepare Shaker Windows:**

1. Gather project pieces 1E, 1F, 1G, 1H, 1K, and 1L. Repeat steps 2, 3, and 4 three times to assemble three shaker windows.

2. Carefully remove an outer foam ring from one of the foam tape circle backing sheets and attach it on top of one Carolina cardstock circle (1E, 1G, or 1K).

3. Place desired amount of loose sequins inside the circle frame. Peel off the protective layer from the foam tape ring to expose the adhesive.

4. After removing the protective film from the acetate circle, lay it on top of the foam tape ring.
5. Layer the stitched-circle piece (1F, 1H, or 1L) on top of foam tape, and attach with adhesive.
