place

All my favorite memories
are here. They make
me so happy! -2020

Jeanette R. Lynton | FOUNDER & CEO

Scrapbooks come in all shapes and sizes—they have to in order to accommodate all of our different memory keeping needs! We make albums to collect family memories, document travel experiences, celebrate special occasions, and more. No matter what story we are telling, as memory keepers, we have a knack for finding a meaningful and beautiful way to tell it.

For all the variations that we see in page size, embellishment style, and subject matter, there is a common thread that ties all scrapbooks together: Love! The act of preservation is an act of love. Whatever shape a scrapbook takes, as you turn the pages, the love of the one who made it becomes something tangible.

I encourage you to let that love shine through on whatever projects you make with the wonderful products included in this catalog.

Make it from your heart,

Jeanette
