

MARCH-APRIL 2024

March is birthday season for me! I've reached a point where I don't think as much about my birthday, but it is still a special time of year. More than presents, cake, or ice cream, what I enjoy most about my birthdays now are the messages of love I receive from friends and family members who make a point of reaching out to me.

Making a phone call or sending a handmade card are simple gestures, but think about what it is like to be on the receiving end of them—how good it feels when someone is thinking about you, and cares enough to let you know! It doesn't even have to be a birthday or other special event to celebrate relationships with simple, meaningful actions like these.

Knowing how good it can make someone feel, I hope you'll take every opportunity to brighten someone's day with a heartfelt expression of love.

Make It from Your Heart,

Jeanette
